Your bond counsel or financial advisor can assist you in determining the statute under which your bonding should proceed. Some of the referenced statutes will require the publication of a notice of intent and/or require the holding of a public referendum, which may need to occur several months before bonds are issued.

E. Project Estimates

The estimated cost of the project should include all costs, whether eligible for loan assistance or not. The amount to be borrowed from the program should equal the amount necessary to cover eligible costs plus a 6% contingency less any amount to be secured from another source. The estimated cost should be rounded to the nearest \$5,000. The estimated amount of debt to be refinanced should be the amount of existing debt obligations that will be refinanced by the loan.

Estimated Total Cost of Project: \$ _____

Estimated Amount to Be Borrowed from the SRF/SWQIF: \$ _____

Estimated Amount of Debt (if any) to Be Refinanced by the SRF/SWQIF Loan: \$ _____

F. Principal Payment Dates

*Annual principal payments will be due each year until the debt is retired. Principal payments must commence in April or October but no later than one year after the targeted date of the initiation of operation that has been agreed to by the MDEQ and the applicant. **Principal payments may not be made in more than 20 annual installments.***

☐ 20 Annual Payments

Preference for Payment

☐ April

☐ October

Proposed First Principal Payment Will Occur On _____

Proposed Last Principal Payment Will Occur On _____

G. Investment Grade Rating

*The applicant municipality is required to provide evidence of an investment grade rating before financing can be completed. The investment grade rating that you intend to utilize to satisfy this requirement must be for the bonds you intend to issue or for bonds that have the same security pledged for bond repayment. Your bond counsel or financial advisor can assist you with assessing options to bring your loan to an investment grade level. **Please refer to the Quarterly Financing Schedule for applicable dates.***

Please check the appropriate box below and provide the requested information:

☐ The applicant municipality has obtained an investment grade rating, as detailed below:

Fitch's Long-Term Rating _____ Date _____

Type of Borrowing _____

Moody's Long-Term Rating _____ Date _____

Type of Borrowing _____

Standard & Poor's Long-Term Rating _____ Date _____

Type of Borrowing _____

☐ The applicant municipality will achieve an investment grade rating, as detailed below:

H. Project Funding from Other Sources

Your SRF or SWQIF loan cannot be used to pay for project costs which have been or will be covered by another source of funding, either public or private (e.g., grants or loans from other state or federal agencies or cash reserves already on hand). Please list your anticipated project costs which are to be covered by another source of funding and the source(s) of that funding.

I. Capitalized Interest for New Systems (**SRF Only**)

Interest payments on an SRF loan are due semi-annually until the debt is retired. For a qualifying municipality, the amount of interest due during the construction of a new wastewater collection and treatment system can be included in its loan (i.e., capitalized). This option is available only if the applicant municipality is constructing a new system and no current utility system exists to produce revenue for bond payments during the construction period. If you check the box below, MMBA will confirm your qualification and your MDEQ project manager will compute the appropriate amount of capitalized interest to include in your loan.

☐ The applicant municipality qualifies for and wishes to capitalize interest during construction.

J. Sewage Services Information

K. Tax Base Information

Sections K and L are intended to provide credit information about the issuer of the bonds. If the applicant municipality is issuing the bonds directly, the information you provide should be for that municipality. If instead your municipality is issuing the bonds through the county, the information you provide should be for the county. If the applicant municipality is issuing the bonds, an official statement for a general obligation bond which you have issued within the past 12 months may be submitted instead and Sections K and L do not have to be filled out. If the county is issuing the bonds, an official statement for a general obligation bond which the county issued within the past 12 months may be submitted instead and Sections K and L do not have to be filled out.
